Is it a general CLEANER?

No

Yes

Yes

Yes

ILLEGAL to use
at schoolsites!

Product is an EPA registered
ANTIMICROBIAL PESTICIDE

NO HSA training is required

HSA Training is required

The Healthy Schools Act (HSA) requires anyone using a pesticide on schoolsites to be trained on the safe use of pesticides around children.*

DPR has created free online courses to help you comply with training requirements. Go to the School and Child Care IPM training page for more information: <http://apps.cdpr.ca.gov/schoolipm/training>
